

**THIS IS THE GOLD, SILVER and WATER HEATER SERVICE PLAN BROCHURE**

Your burner and controls will be thoroughly inspected and serviced in accordance with these procedures, used by the Company to insure maximum, worry free heating efficiency. Customers are requested to call well in advance to avoid delays in scheduling tune-ups.

- ▲ Adjust draft regulator
- ▲ Check & flush low water cutoff (LWCO)\*
- \*Homeowners with steam heat are required to flush LWCO weekly in season.
- ▲ Check ignition system
- ▲ Clean or replace burner nozzle
- ▲ Lubricate burner motor
- ▲ Clean & adjust electrodes, fan & pump
- ▲ Check smoke pipe and combustion chamber
- ▲ Change oil filter
- ▲ Adjust & test controls
- ▲ Replace or clean air filter (1 standard set)
- ▲ Efficiency test

**ADDED COVERAGE PROVIDED UNDER SILVER PLAN:**

**FUEL OIL STORAGE TANK COVERAGE:** An allowance of \$250 is made toward our replacement of a leaking inside oil storage tank.

**ADDED COVERAGE PROVIDED UNDER GOLD PLAN:**

**FUEL OIL STORAGE TANK COVERAGE:** An allowance of \$500 is made toward our replacement of a leaking inside oil storage tank.

**BOILER COVERAGE:** An allowance of \$750 will be made towards our replacement of a leaking boiler.

**WARM AIR FURNACE COVERAGE:** An allowance of \$500 will be made towards our replacement of a heat exchanger or furnace, if necessary, which has developed a leaking heat exchanger.

**OPTIONAL WATER HEATER COVERAGE:** Your oil fired water heater or indirect storage tank will be thoroughly cleaned and inspected in accordance with procedures used by the Company to insure maximum, worry free efficiency. Under the optional coverage there will be no charge for the repair or our replacement of the following parts of your water heater when they become defective due to normal wear and use.

Aquastat	Delayed oil valves	Nozzle adapter
Blast tube	Electrode assembly	Nozzle assembly
Burner coupling	Electrodes	Oil burner fan
Burner end cone	Emergency switch	Oil burner motor
Cad cell	Firmatic thermal switch	Oil burner nozzle
Cad cell holder	Fuel oil cartridge	Oil burner pump
Cad cell relay	Ignition transformer	Oil burner strainer
Circulator Pump	Ignition cables	Stack relay
(Complete) 1 per year		Temp/pressure relief valves

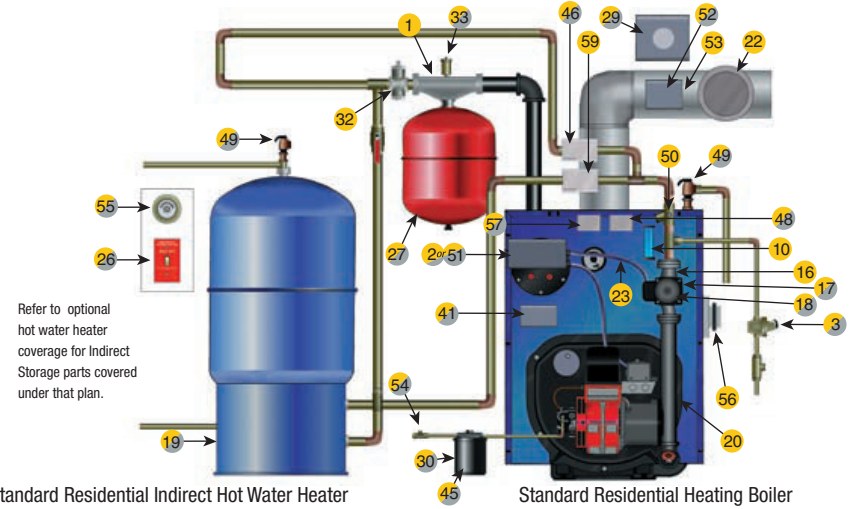

**PLEASE PHONE OUR CUSTOMER SERVICE DEPT. FOR THE PRICES OF THE RESPECTIVE PLANS SHOWN.**

**PARTS & LABOR COVERAGE (for repair or replacement)**

- COVERED BY SILVER & GOLD POLICIES
- COVERED BY GOLD ONLY
- 1 Air scoop
- 2 Aquastat
- 3 Automatic feeder (non-steam)
- 4 Blast tube
- 5 Blower bearings
- 6 Blower complete (up to 1/3 hp)
- 7 Blower fan belt
- 8 Blower motor
- 9 Blower pulleys
- 10 Boiler gauge glass
- 11 Burner coupling
- 12 Burner end cone
- 13 Cad cell
- 14 Cad cell holder
- 15 Cad cell relay
- 16 Circulator (complete 3 max.)
- 17 Circulator coupling
- 18 Circulator motor (1 per year)
- 19 Circulator pump complete (1 per year)
- 20 Combustion chamber (up to 2 gal/hr)
- 21 Delayed oil valves
- 22 Draft regulator
- 23 Electrical wiring
- 24 Electrode assembly
- 25 Electrodes
- 26 Emergency switch
- 27 Extrol #30
- 28 Fan limit control
- 29 Firmatic switch
- 30 Fuel oil cartridge
- 31 Fuel oil tank gauge (not shown)
- 32 Flow check valve
- 33 High vent(s) (1 per year)
- 34 Ignition transformer
- 35 Ignition cables
- 36 Humidifier pad
- 37 Nozzle adapter
- 38 Nozzle assembly
- 39 Oil burner fan
- 40 Oil burner motor
- 41 Mixing valve element
- 42 Oil burner nozzle
- 43 Oil burner pump
- 44 Oil burner strainer
- 45 Oil filter complete
- 46 Power head (1 per year)
- 47 Pressure reducing valve (not shown)
- 48 Pressure control
- 49 Relief Valve (standard)
- 50 Purging valve
- 51 Reverse acting aquastat
- 52 Stack relay
- 53 Flue pipe
- 54 Thermal safety valve
- 55 Thermostat (low voltage, heating only)
- 56 Low Voltage transformer
- 57 Vapor stat
- 58 Vent alarm (not shown)
- 59 Zone valve (complete, 3 max.)

**THESE ADDITIONAL PARTS ARE COVERED BY BOTH THE SILVER AND GOLD PLANS:**

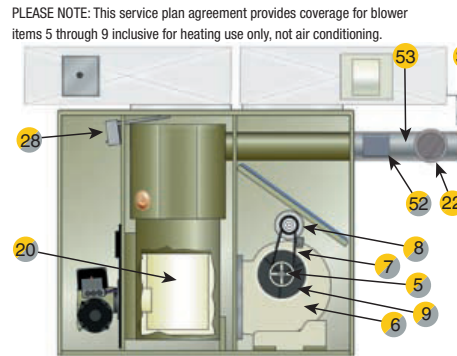

- Blower Squirrel Cage
- Nozzle Line
- Oil Burner Bulkhead Fitting & Nut
- Ignition Transformer Terminals
- Oil Burner Pump Gasket
- Oil Burner Static Plate
- Fuel Oil Gasket
- Porcelain Ignition Insulators
- Burner Flange Gasket
- Universal Burner Flange
- Burner Door Gasket
- Burner Solenoid Switch
- Hydraulic Jack
- Wire Nuts
- Seal Flue Pipe
- Up to Three (3) feet of BX Cable
- Vacuum Electronic Air Cleaner (At time of Tune Up Only)
- Drain Expansion Tank (At time of Tune Up Only)

Standard Residential Indirect Hot Water Heater

Standard Residential Heating Boiler

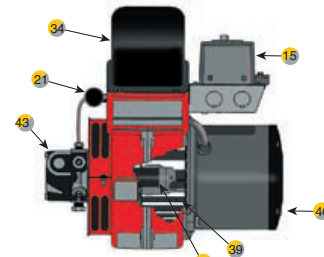

PLEASE NOTE: This service plan agreement provides coverage for blower items 5 through 9 inclusive for heating use only, not air conditioning.

Standard Residential Warm Air Furnace

Standard Residential Oil-Fired Hot Water Heater

Standard Residential Oil Burner
